A New Year of Opportunity and Insight

Happy New Year! As we step into 2026, I want to express my gratitude for the dedication, passion, and professionalism each of you brings to our organization every single day. Your work directly shapes the lives of the individuals and families we assist, and I am continually inspired by the impact you make.

This year, we will launch a comprehensive **needs assessment** and develop a **new strategic plan** to guide our direction for the years ahead. These efforts are essential to ensure that we remain responsive, effective, and aligned with the evolving needs of our community.

While data will certainly play an important role, one thing is absolutely clear: **no one understands the needs of our community better than you, our staff who engage with customers daily.** Your experiences, observations, and ideas are invaluable. Numbers may tell us part of the story, but your insights reveal the real challenges, opportunities, and aspirations of the people we assist.

As we begin this process, I encourage you to speak up, share openly, and help shape our collective path forward. Your voice matters. Your expertise matters. And together, we can ensure that our programs, services, and vision truly reflect the needs of our community.

Thank you for your commitment, your compassion, and your belief in our mission. I'm looking forward to a meaningful and impactful year ahead—one we build together.

Thank you for being....Part of the Solution
